

## DLG 100, DLG 200, DLG 300, DLG 550 DIGITAL LENGTH GAUGE

The DLG Digital Length Gage offers a rugged alternative to calipers for longer length measuring **with the measuring capacity of 1 m, 2m, 3m and 5,5 m**. Not only does the DLG 100 boast larger anvils than calipers, it is also available in longer lengths and offers a non-marring surface for the material to rest while being measured. Thus, eliminating errors from the tool being misaligned with the surface of the part.
