

TECHNICAL FEATURES

- CNC corner cleaning machine designed for cleaning at 90° vinyl profile corners after welding.
- Windows based PLC control system with Touch Screen display✓ Available with 2 or 4 servo motors
- 11 tooling units comprising cutters, saw blade, drills
- White and colored profile recognition from the control panel
- Access to stored programs enables easy repetitive operations
- Different cutters for white and colored profiles
- Simultaneous upper and lower profiles cleaning independently of other cleaning units
- Automatic lubrication system
- Machine has been designed in accordance with CE, UL, CSA Safety Directives
- Min. Frame Size: 16"x16" Max. Profile Size: 5"x5" Min. Profile Size: 1.2"x1.2"
- Available with 2 and 4 servo motor
