

### GENERAL FEATURES

KN-MD is a manual infeed table with digital read-out. It is available in 10' (3 m) and 20' (6 m) lengths. The digital read-out enables precise reading of cutting measurement, eliminating inaccurate and repetitive use of a measuring tape. Manual positioning via hand wheel. It can be used with various types of saws such as upcut saws, v-cut saws, miter saws, chop saws.
